MEMORANDUM FOR: Director of Central Intelligence
VIA: Deputy Director of Central Intelligence
FROM:
Director, Intelligence Community Staff
SUBJECT: GAO Audit of Unvouchered Funds

STAT

1. Action Requested: Attached for your signature (Tab A) is an interim response to Lieutenant General Williams, which is in reply to his letter of 7 May.

2. Background: On 12 June 1980 and 5 November 1981, the Comptroller General of the United States sent letters (Tab B) to the Heads of Departments and Agencies regarding GAO's audit of unvouchered funds under the GAO Act of 1980. In each of those letters GAO emphasized that the statute also provides authority for the President to exempt any expenditures involving sensitive foreign intelligence, foreign counterintelligence, or sensitive law enforcement investigations from GAO oversight. Lieutenant General Williams is requesting your help in providing a coordinated Community solution not only to the issue of GAO audit of unvouchered funds but in creating a list of intelligence records that would be exempt from GAO audit and which are reportable to the appropriate Select Committees.

3. Recommendation: That you sign the attached letter at Tab A.
